

DRY CLEANING, ALTERATIONS, AND SHOE REPAIR WITH FREE PICK UP AND DELIVERY RIGHT TO YOUR OFFICE FROM...

Since 2002, Dryclean Express has been delivering dry cleaning, alterations, and shoe repair to office workers throughout the Kansas City area. By bringing their items to work with them for pick up, your employees will have a very convenient way to obtain these needed services, while saving themselves time, gas, and money. Our customers tell us they appreciate not having to make a stop at the cleaners on their way home from work, or at the shoe repair shop on their busy weekend.

What's more, the savings they'll receive with our standard, every day..."25% off w/\$25 order" pricing can be substantial. Dryclean Express is already one of the lowest priced cleaners in the Kansas City area, but with the *additional* 25% discount, we're talking about some serious savings...and our quality is comparable to the elite, high priced cleaners in town.

Here are some answers to a few questions you might be wondering about:

Is there a contract or agreement we'll need to sign?

Absolutely not!

Will there be any sort of "expectation" on the part of Dryclean Express in terms of the quantity of business they'll receive from us?

No. We've been doing this long enough to know that every office is different. We have no minimum requirements or expectations.

We're a "dress casual" company. Would Dryclean Express still service our company.

Yes we would. We have many customers that bring their spouse's work clothes for us to pick up, as well as their weekend garments.

What is your pick-up and delivery schedule?

We pick up and deliver each Mon; Wed; and Friday, with a 2 day service. So, the items that we pick up on Monday will be delivered on our next scheduled stop, which would be Wed; etc.

Is Dryclean Express reliable?

We realize that reliability is everything in this business, and since 2002, there has been only one day that we could not make deliveries. A massive snow storm had fallen, and city officials were recommending all but "crucial" employees stay home so the snow removal personnel could clear the roads.

Is your work guaranteed?

Absolutely! We have a "complete satisfaction guaranteed" policy.

What will be needed of us in terms of a location to facilitate this service?

Just a small, out of the way closet, or coat rack in the break room is all that is needed. In some smaller offices, we actually deliver right to the employee's cubicle or office.

How much will I need to be involved?

*Not much at all. We have a [website](#) with a Q&A page that should answer any questions that might arise. However, you might occasionally have to field a question from an employee yourself, or help inform employees about our service initially with an email blast. In turn, you and your family will always **receive a 50% discount** on all your dry cleaning and shirt laundry orders!*

WE'LL CUSTOMIZE A WEB PAGE FOR YOUR COMPANY!

For companies with 50 or more employees, we'll build you a customized web page like [this one](#). Your page will have specific information on it for employees such as the time and location of your company's drop-off / pick-up spot, etc. All details about our service can be accessed from this page, including a link to our [SSL secure form](#) where they can input their credit card information for payment of orders.

We'd love to provide this service to your company, so just say "yes", and call us at **816-786-4411**

BONUS

Call within 3 days of receiving this offer, and we'll give **EVERYONE** in your company a **50% discount** off our regular prices on all dry cleaning and shirt laundry on their first order!
